Number Writing Practice #2

Print this worksheet and get started!

Tracing practice for numbers 1, 2, 3, 4, and 5. Each number is shown on a three-line grid (top, middle dashed, bottom) with dotted lines and arrows indicating stroke order.

- Number 1: Two vertical lines, each with a downward arrow labeled '1'.
- Number 2: One vertical line with a downward arrow labeled '1', and one curved line starting from the top right, going down, then left, then up, then right, with arrows and a '1' label.
- Number 3: One vertical line with a downward arrow labeled '1', and one curved line starting from the top right, going down, then left, then up, then right, with arrows and a '1' label.
- Number 4: One vertical line with a downward arrow labeled '1', and two horizontal lines starting from the top right, going left, then down, then right, with arrows and labels '1' and '2'.
- Number 5: One vertical line with a downward arrow labeled '1', and one curved line starting from the top right, going down, then left, then up, then right, with arrows and labels '1' and '2'.

Tracing practice for numbers 6, 7, 8, 9, and 0. Each number is shown on a three-line grid (top, middle dashed, bottom) with dotted lines and arrows indicating stroke order.

- Number 6: One vertical line with a downward arrow labeled '1', and one curved line starting from the top right, going down, then left, then up, then right, with arrows and a '1' label.
- Number 7: One vertical line with a downward arrow labeled '1', and one diagonal line starting from the top right, going down, then left, then up, then right, with arrows and a '1' label.
- Number 8: One vertical line with a downward arrow labeled '1', and one figure-eight shape starting from the top right, going down, then left, then up, then right, with arrows and a '1' label.
- Number 9: One vertical line with a downward arrow labeled '1', and one curved line starting from the top right, going down, then left, then up, then right, with arrows and a '1' label.
- Number 0: One vertical line with a downward arrow labeled '1', and one oval shape starting from the top right, going down, then left, then up, then right, with arrows and a '1' label.

Print a few copies of the worksheet. Encourage your child to practice regularly. Remain patient and praise their effort!

Shichida. Early education perfected.

Unsure what activities to do with your child to get them ready for school? We want to help you!

Join us for a trial class. Our weekly 50-minute learning program uses fun brain-boosting games for kids aged 6 months to 4 and a half years old. Learn smart techniques to help your little one thrive and excel!

Our classes are guaranteed to have them learning all while having fun.

Visit our website or contact us today to learn more about how you can support your child's growth with the Shichida Method.

Scan the QR code [or click here](#) to book your trial class. Use the code FUN50 to enjoy 50% off!
